

## That Lame back Meal Kidney Disease

And to Relieve the Lame and Aching Back,  
You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt.

They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

For Sale by all druggists.

## Monarch MALLEABLE The "Stay Satisfactory" Range

It Pays for Itself, Why Not Have One?

All the delightful satisfaction of having a perfect range is within easy reach of every one.

For the MONARCH Malleable Range will effect a sufficient saving of fuel to actually pay its own cost in a short time.

There's no economy in continuing to use a "grey iron and steel" range, though it is only a few years old and can be made to "do" for a few years more.

Every year it wastes enough fuel to pay a large part of a Monarch's cost.

This great difference between the fuel requirements of the Monarch and ordinary steel ranges is to be accounted for entirely by the difference in construction.

The MONARCH is made of Polished steel and Malleable Iron, a tough, unbreakable material.

The Monarch is manufactured by the Malleable Iron Range company, of Beaver Dam, Wisconsin, who are Range Specialists. It is by concentrating their efforts on this one article that they have been able to produce the best range on the market and one that we are proud to sell. Let us show you how and why the Monarch "Pays for Itself."

#### United in Death.

Only five days separated the deaths of William Mueller, 77 years old, and his brother, Adam Mueller, 83 years old, during the last week. William Mueller died of asthma Thursday a week ago and Adam Mueller succumbed to stomach trouble Tuesday of this week.

Both of the brothers had been well known and respected citizens of Lafayette county for many years. Adam Mueller had lived here more than forty years and William Mueller almost as long. Both were born in Germany.

Adam Mueller had been a deacon of the German Baptist church 39 years and all that time had been prominent in church circles. He was a member of the Old Mens' Club and was widely known in this county.

He is survived by the widow, one daughter, Mrs. Henry Schwartz of Washington City, and five sons, Charles Mueller, Robert Mueller, George Mueller, and Emil Mueller of this city and the Rev. William Mueller of Piney, Ark. William Mueller is survived by three sons, Peter Mueller of Alma and John Mueller, who lives in Germany.

The funeral of William Mueller was from the German Baptist church Saturday. The burial was in Brand cemetery. The body of the Rev. Mr. Tiemann had charge of both services.—Higginsville Jeffersonian.

### ROAD DISTRICT ENDORSED

Commercial Club Votes Unanimously in Its Favor.

At a meeting of the Commercial club Monday evening, the club went unanimously on record in favor of the project of the proposed road district.

H. C. Wallace presented the legal phase of the matter and was questioned closely by the member of the club. After that a vote was taken and it was found that every member present favored the formation of the district.

It was made clear that the organization of this district will in no way affect the taxation in the district. The only change would be in the method of spending the revenue.

A publicity committee was appointed. It consists of:

J. R. Moorehead, F. T. Bates, H. C. Wallace, F. A. Hofer, G. W. Fredendall, Wm. Aull, Geo. C. Schawe, J. G. Crenshaw, E. J. McGrew, E. B. Campbell and Ike Gratz.

### Will Enlarge Ice Plant.

"The ice plant will positively be enlarged this winter," said Ernest Hoffman, Jr., secretary of the Lexington Brewing company, Tuesday morning.

"We have for several weeks been figuring on this proposition and inspected various ice plants in this part of the country. There are salesmen in town now making estimates on the machinery and more will be here the latter part of the week."

Mr. Hoffman stated that the machinery would be bought in about three weeks and in running order within three months. There will then be no possibility of an ice famine in Lexington until the town has grown to twice its present size.

O. O. Willson & Co. handles Poultry and all kinds of Chicken food.

Adam Mueller was buried in the same cemetery this (Thursday)

### Accidents.

An accident happened to Francis, the little three-year-old daughter of Mr. and Mrs. George Oetting, Tuesday morning. The little girl fell against a box and a protruding nail cut a wound just above her right eye; fortunately the wound is not deep and Francis is at play again.

While Joe Schlickemann was at work in the now over one hundred feet deep new water works well, Saturday, a rock became loosened and fell on his head and then on his left hand, breaking a few bones therein. A little larger rock might have killed him, Joe is about again, but is nursing his hand.

A serious accident happened to Julius, the fifteen-year-old son of Mr. and Mrs. John Kresse, of near this city, Saturday evening. He had in his possession a dynamite cap for some time but didn't know what it was. Saturday night he lit a match and stuck it into the cap which he held in his left hand. The result was an explosion which took the first joint of his thumb away, lacerated the points of three other fingers, wounded him in the face and almost caused him to lose the sight of one eye. We are pleased to hear that he is doing well and hope that he will soon fully recover.—Concordian.

F. Lee Wallace was in Kansas City Sunday and visited Walter Waddell in the hospital. Mr. Waddell is reported as improving rapidly, eating some solid food, talking cheerfully and taking an interest in what is going on. He asked about Lexington and expressed his appreciation of the interest manifested in him during his illness. The physicians now hope to get him out of the hospital in a few weeks.

A great deal of interest is being manifested in the coming of Mr. and Mrs. Sol Marcossion, who will be at Central college November 16 and on that evening will give a concert in Murrell auditorium. Mr. Marcossion is one of the great violinists of the world, while Mrs. Marcossion is an exceedingly popular pianist. The program will be announced in a few days.

We are headquarters for Post Cards, Halloween, Thanksgiving, Xmas & New Years. A large assortment just in and more coming every week. I have a collection of 60 local views to select from. A nice Post Card album with a set would be an appropriate Xmas gift.

The Picture Shop.

## Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Feltz, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself as he claims then continue the treatment by buying a 50-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouchsafed with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free trial bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 260 Caldwell Bldg., Monticello, Ill.
